25 KEYS FOR KIDS WITH FOOD ALLERGIES

Your Support is Key!

You can help families keep their children safe and healthy by supporting the Kids With Food Allergies Foundation. The Kids With Food Allergies Foundation is dedicated to improving and saving the lives of children by empowering their families with the information and support resources they need to manage food allergies day-to-day.

KFA's special focus is on offering management strategies so children can *remain safe and included* in daily activities. KFA's educational and support efforts are also focused on preventing and being prepared to treat severe, life-threatening reactions known as *anaphylaxis* and giving families the information they need to prepare safe meals and for those with multiple food allergies, to avoid a diagnosis of *failure to thrive*.
